If I could make a noise like you wouldn't that be tramtastic?! If only I could shout and bawl, for it's my birthday after all!" "Let's go find your sound Tilly, you must have left it somewhere silly!" Past the airport Tilly and Pippa go. But who is this with blue lights a-glow? Freddy the Fire engine comes speeding from the station. racing to get to his destination. "Wow! What a loud noise Freddy, you're a trooper. If I could make a noise like you, wouldn't that be super?! BE SAFE AROUND TRAM'S

Tilly the Tram and her friends have put together some handy tips for you to follow when you're out and about near the tramway.

LOOK AROUND YOU

Make sure you look around you for Tilly before you walk across the road, stop and give her a wee wave as she glides past.

LISTEN

If you're close to the road make sure to listen for Tilly's "ding-ding", as unlike a bus or a car, she doesn't have a loud engine that goes ROOOOOAR.

ALWAYS USE THE NESTGNATEN CROSSWAYS

Whenever you are out in Edinburgh, especially near the tramway, make sure to use the designated crossings. And remember, not all crossings have a green man.

STEP BACK FROM THE PLATFORM

Tilly the Tram is slightly wider than her tracks, so when she comes gliding into the stop make sure you stay back from the white line. That way you'll keep all ten toes!

nestgn your own tram

Use the space below to draw your very own Tilly the Tram!

This part is for the grown-ups!
